## **New Mexico Medicaid To Hold Online Public Meetings on Long Term Care Provider Rates**

New Mexico Medicaid will hold public meetings for stakeholders interested in the process of establishing long-term care rates for the Agency-Based Community Benefit (ABCB) program.

The Community Benefit program provides in-home or community-based health care services to New Mexicans who are elderly or who live with disabilities so they can avoid institutional care settings.

The purpose of the meeting is to:

- Gather information and insights on the delivery of ABCB services, and
  - Obtain feedback on underlying service cost assumptions to be used in rate development.
- 
- Two virtual Townhall meetings will occur on **July 24, 2024:**
  - Assisted Living Facility services from 10:30 am–12:00 pm MST, registration can be completed at <https://signup.com/go/PQrXRwv> for the Zoom conference line
  - All other ABCB services from 1:00–2:30 pm MST, registration can be completed at <https://signup.com/go/xqODpRP> for the Zoom conference line
