## Q2 2025 Prior Authorization Look-Up Tool Update

This is an advisory notification to Molina Healthcare of California (MHC) network providers applicable to all lines of business.

### **What you need to know:**

MHC has updated our Prior Authorization Look-up Tool, and the primary updates include modifications to the following specialties/services for Medi-Cal, Medicare, Duals, and Marketplace:

- Experimental/Investigational
- Healthcare Administered Drugs
- Hyperbaric and Wound Care
- Imaging & Special Tests
- OP Hosp/Amb Surgery Center (ASC) procedures

### **Reminder:**

MHC made the organizational decision to no longer post the PDF version of the PA Code Matrix to Availity (Provider Portal) or to Molina Health Plan's external website. The expectation is that all providers will utilize the Prior Auth Look-up Tool, which will be the single source of truth for both Molina's internal teams and providers.

### **When this is happening:**

The Prior Authorization Look-up Tool is available online via the provider portal as well as our public website. Please note that this platform is updated at least quarterly and is subject to change. It is advised that you check this resource prior to PA submission as codes may be removed or added.

## Provider Action

The Prior Authorization Look-up Tool has been updated for Q2 2025 and is available online for all Lines of Business (Medicare, Medicaid and Marketplace) at: [molinahealthcare.com/members/ca/en-us/health-care-professionals/home.aspx](https://molinahealthcare.com/members/ca/en-us/health-care-professionals/home.aspx)

Office visits and/or procedures at Contracted/Network Providers and referrals to Contracted/Network Specialist do not require Prior Authorization. In addition, some codes/services may not be covered by Medicare, Medi-Cal, or Marketplace; please refer to each regulatory agency for specific non covered codes.

## What if you need assistance?

If you have any questions regarding the notification, please contact your Molina Provider Relations Representative below.
