San Diego Community Health Worker Survey

This is an advisory notification to Molina Healthcare of California (MHC) network providers applicable to the Medi-Cal line of business.

What you need to know:

Dear Medi-Cal Community Health Worker,

Healthy San Diego (HSD) is the umbrella under which Medi-Cal Managed Care Plans (MCPs) in San Diego County work together to serve Medi-Cal members. One example of HSD collaboration is through the delivery of health education activities that aim to improve health and well-being, preventive healthcare knowledge, and healthcare utilization in a linguistically and culturally sensitive and equitable manner. In support of this goal, HSD is developing an Early Childhood Wellness Passport for parents/caregivers of children 0-30 months. The Passport will provide new and expecting parents/caregivers' helpful information on well child visits, vaccines, oral health, and available community health resources.

We would appreciate your input on what types of information the Early Childhood Wellness Passport should include to best meet the needs of parents and caregivers in our community.

When this is happening:

Please take a few minutes to complete the survey by **December 20, 2024**. If you have already received this email from another organization and have completed the survey, you do not need to complete it again.
