Introduction

Purpose:

- To provide an overview of the Skilled Nursing Facility Workforce and Quality Incentive Program (SNF WQIP) and CY2023 Final Payment Process

SNF WQIP Overview

Assembly Bill (AB) 186:

- Implemented pursuant to AB 186 amendment which authorized the state to implement SNF WQIP

Objective:

- To provide performance-based payments to incentivize workforce and quality improvements

Duration:

- January 1, 2023 - December 31, 2026

Program Years (PY):

- PY 1 (2023), PY 2 (2024) PY 3 (2025), PY 4 (2026)

Eligibility Criteria

Eligible Facilities:

- Freestanding SNF Level-B and Adult Freestanding Subacute Facility Level-B that furnish service under a network agreement.

Exclusions:

- Freestanding pediatric subacute care facilities
- Intermediate care facilities for developmentally disabled homes
- Distinct part facilities
- SNFs with 100% designated special treatment program beds

Qualifying Bed Days

Calendar days during which a member receives SNF Level-B services including the first day of stay but excluding the discharge day (unless it is also the first day).

Services must be provided during the PY, billed under a Network Provider Agreement with Molina Healthcare of California (MHC), with Medi-Cal as the primary payer and no Medicare coverage for the bed day.

SNF Level B Services include:

- Room and board
- Nursing and related care services
- Leave-of-absence days
- Bed Holds

- Exclusions:

- Hospice Bed Days: Bed days reimbursed for hospice services are not qualified for SNF WQIP payments.
- Special Treatment Program (STP) Services: Bed days receiving reimbursement for STP services for the mentally disordered are not qualified.
- Non-Network Provider Agreement: Bed days reimbursed outside of a Network Provider Agreement are not qualified.
- Secondary Payer: Bed days for which Medi-Cal is a secondary payer are not qualified.

Payment Process

DHCS will calculate each SNF WQIP-eligible Network Provider's performance metrics, WQIP score and resulting interim and final per diem payment amounts.

DHCS provides Molina Healthcare of California (MHC) with data reflecting all SNF bed days reported by MHC to PACES on a quarterly basis.

MHC reconciles the data against the internal records for reporting and payment.

Facilities with Class AA and A Citations partly or wholly in the PY are identified using the CDPH State Enforcement Actions Dashboard

Class A citation: A 40% penalty applies for that PY

Class AA Citation: Disqualified from payment for that PY

CY2023 Final Payment and Timeline:

1. DHCS disseminated Final Per Diem Exhibits for each facility on December 20, 2024

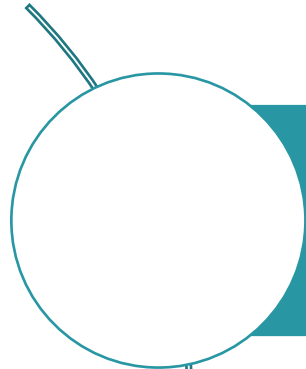

2. MHC calculates the number of qualifying bed days data for each facility from internal claims sources following SNF WQIP eligibility criteria

3. For clean and complete SNF WQIP qualifying claims, payment is issued within **45 days** of receiving CY 2023 PY1 SNF WQIP Final Per Diem Exhibits from DHCS (by February 3, 2024)

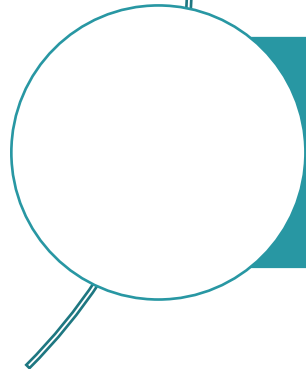

4. Payments will be net of any previously paid directed interim payment amounts

Note: For Health Net members assigned to Molina Healthcare of California (MHC) in Los Angeles County, eligible member days will be included in Health Net SNF WQIP payments and report.

Data Reconciliation

MHC provides each SNF WQIP-eligible Network summary level reporting including specified data fields in the DHCS APL 25-002 within 30 days of receiving the data from DHCS.

Facilities outreach to MHC-SNF-WQIP@MolinaHealthcare.com regarding any discrepancies.
