

SNF Prior Authorization Process Exception Expiration – March 2022

Important Prior Authorization Update for Medicare, MMP and Duals LOBs

Attention Molina Healthcare Network SNF Providers:

For the last several months given hospital capacity issues due to COVID 19 infections, Molina was auto-approving an initial 7 day SNF stay at in-network facilities for Medicare/MMP/DSNP members. This waiver is going away on **3/21/2022**.

Starting March 21, 2022 Molina will be requiring Prior Authorization for all SNF stays.

Thank you for continuing to serve our Molina Members.

Sincerely,

Molina Healthcare of Idaho
