MMAI (MMP/Duals)

Medicare-Medicaid Program (MMP)

- Molina participates in the Illinois Medicare-Medicaid Alignment Initiative (MMP). Molina also refers to this as Medicare-Medicaid Program (MMP) and Dual Options Program (Duals).
- This program benefits dual-eligible members by providing the convenience of coordinated care with one primary care provider and one ID card.
- As of July 1, 2021, Illinois has expanded the program to all 102 Illinois counties.
- After exhausting all of the member's other primary coverage benefits, providers may submit claims to Molina Medicare.
 - Under MMP, Molina processes both the Medicare and Medicaid benefits.

Medicare-Medicaid Program (MMP)

Medicare/Medicaid 80/20 Split:

- MMP **Medicare** prices a claim at the Medicare/contracted rate, pays 80% of that rate, and leaves 20% after deductible is met.
- MMP **Medicaid** prices the claim at the Medicaid/calculated rate. MMP **Medicaid** does a COB calculation:

Payment as Medicaid Primary – What Primary Medicare Paid = COB Amount

- MMP **Medicaid** then pays the lesser of two amounts: the calculated COB amount **or** the 20% left over from the MMP **Medicare** claim.

Medicare-Medicaid Program (MMP)

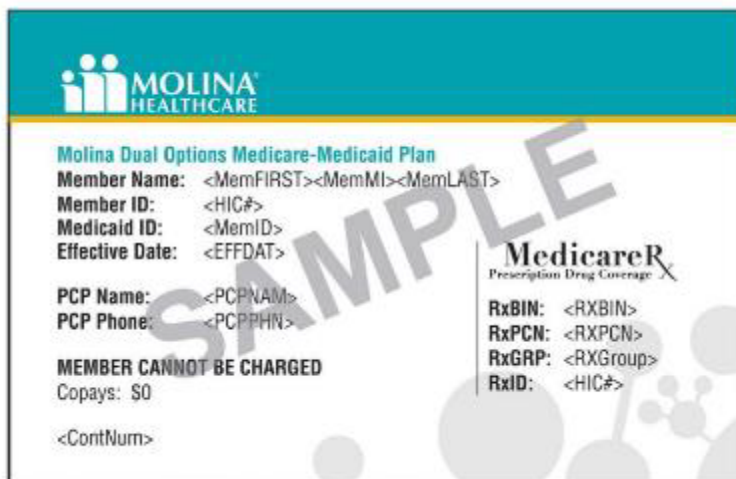

Balance Billing:

- Balance billing is **not allowed**.
- Per federal law, Members who are dually eligible for Medicare and Medicaid shall **not** be held liable for Medicare Part A and B cost-sharing.
- The provider is responsible for verifying eligibility and obtaining approval for those services that require Prior Authorization.
- Under **no circumstance** shall a Member be liable to the provider for any sums that are the legal obligation of Molina.

MMP Enrollment

- Eligible individuals may enroll in a Duals program by contacting Illinois Client Enrollment Services and opting in.
- Illinois Client Enrollment Services will:
 - Ensure impartial-choice education.
 - Conduct client enrollment activities, including mailing education/enrollment materials and providing information on each health plan.
 - Assist enrollees with selection of health plan and PCP.
 - Process requests to change health plan.
- Members may visit the Client Enrollment Services website at EnrollHFS.Illinois.gov, where they will find:

PCP Changes

- Members can change their PCP at any time.
- New PCP will take effect on the first day of the month following the date of the member's request.
- PCP assignment does **not** affect claims payment within the Molina network.
- Members cannot be turned away from an in-network provider with an open panel because the PCP is not listed on the member's ID card.
- PCP-to-PCP referrals are **not** necessary.

Transition of Care

- Non-contracted providers can continue to see Molina Medicaid or MMP members without prior authorization for the first 90 days following member's effective date with Molina. The provider **must**:
 - Be active in Illinois Medicaid Program Advanced Cloud Technology (IMPACT).
 - Have a service plan from previous MCO/HFS.
 - Allow for continuity of care.

Simplified Credentialing Process

- Registering with the HFS online provider enrollment program (IMPACT) is the only requirement to begin a relationship with Molina.
- Once the application is approved by HFS, the provider is considered credentialed with Molina.
- Two important features:
 1. Process applies to Medicaid and MMP.
 2. Although providers will be credentialed through IMPACT, they must complete and submit the IAMHP Universal Roster to the Provider Network Management team at MHILProviderNetworkManagement@MolinaHealthCare.com.
- **Credentialing alone does not mean a provider and health plan will be doing business together.**
- Provider and plans must still enter into contractual relationships and satisfy all necessary operational requirements.

Provider Effective Date

A provider's effective date as a participating provider under the HealthChoice Illinois program is noted as the following.

Molina will load a provider's effective date at the later of:

- The execution date of the contract between Molina and the provider.
- The date the provider submits to Molina a complete and accurate IAMHP roster form for the provider in the format approved by HFS.
- The provider's effective date contained within HFS provider enrollment subsystem with the IMPACT system.
 - Provider may submit to Molina the IAMHP roster at the same time that the provider submits an enrollment application to HFS through IMPACT.
- Link to the IAMHP universal roster and FAQ: iamhp.org/providers.
- Download Excel file at iamhp.org/providers, scroll down to Universal IAMHP Roster Template on the right.

Provider Effective Date, cont.

Complete rosters submitted any day in the month will be effective back to the first of that month.

Roster Sent	IMPACT Effective Date	Contract Signed	PAR in QNXT
9/10/2018	7/1/2018	7/10/2016	9/1/2018

9/10/2018	7/1/2018	9/1/2018	9/1/2018

The provider must already be contracted and active in IMPACT. Molina will not load a provider prior to a contract being signed or their IMPACT effective date.
