

# The Molina Provider Collaboration Portal

Powered by SpectraMedix

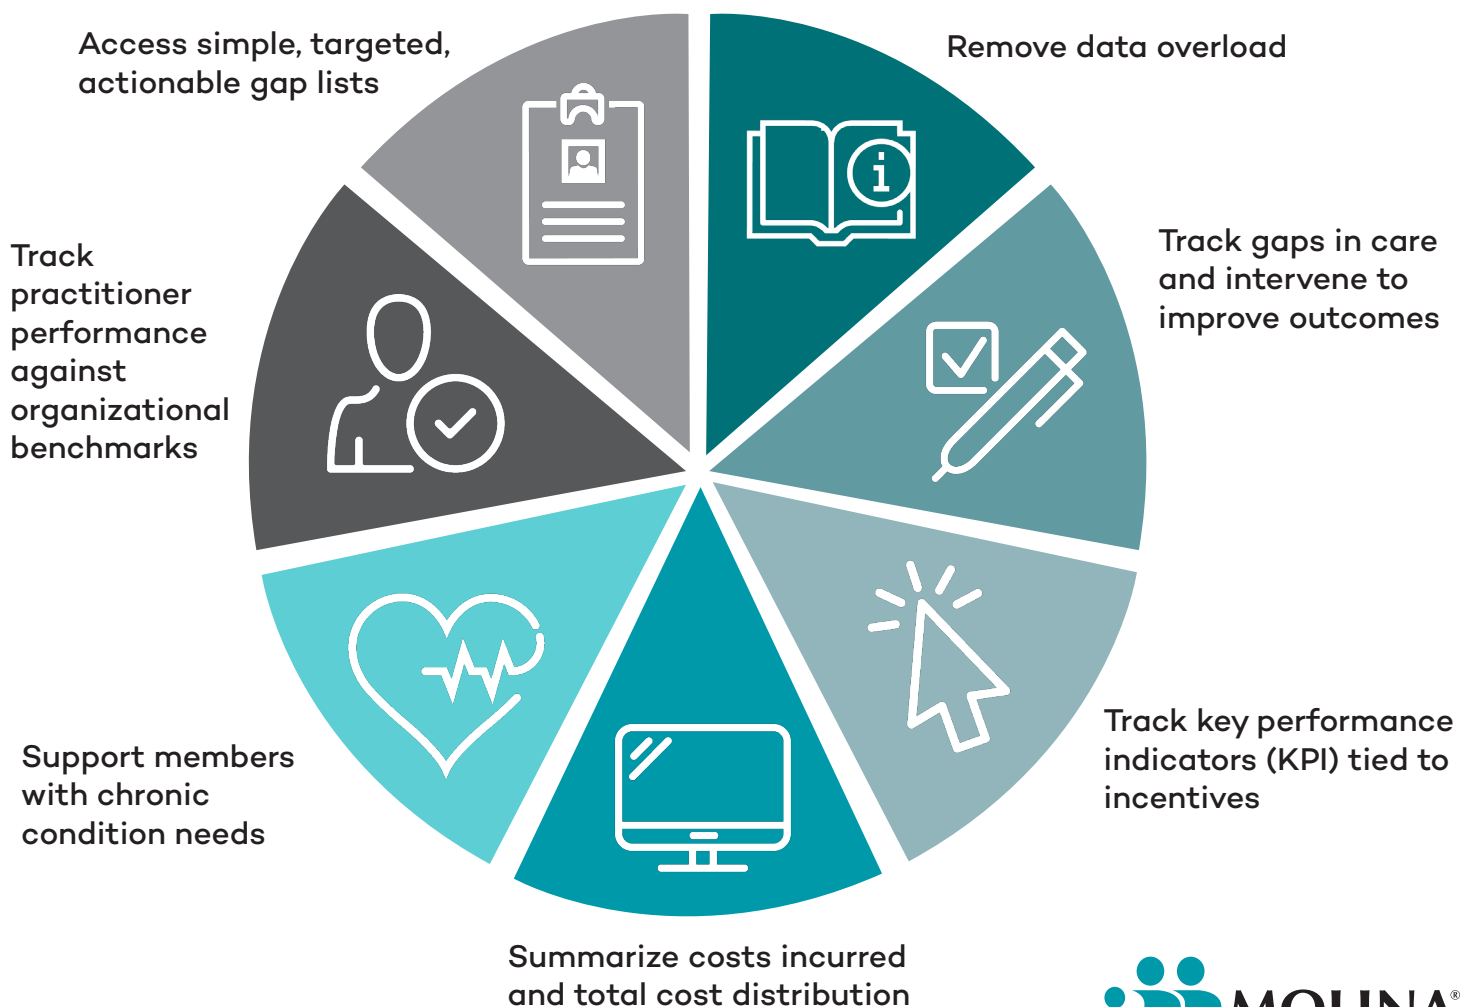

An intuitive provider interface supplying timely, actionable data to improve health care delivery and cost savings.

## Why should our providers use the Molina Provider Collaboration Portal?

The Molina Provider Collaboration Portal offers providers easier access to member care gap information – a critical cornerstone in building collaborative relationships with our providers. Additionally, providers participating in value-based arrangements will see easy-to-use feedback on their performance and incentives earned by delivering high-quality care. When our providers succeed, our members benefit.

## The Molina Provider Collaboration Portal allows providers to:

## How it works

- View your performance summary in a snapshot
- Track different levers such as financials, member attribution and priority quality measures
- Drill down to your members' summary details to determine open and closed gaps to provide the support they need
- Review patient summaries to see demographics, chronic conditions, care gap intervention details and so much more

## Accessing the Molina Provider Collaboration Portal

Who can access the Molina Provider Collaboration Portal?	How can users access the Molina Provider Collaboration Portal?
Practitioners assigned as primary care providers for Molina members and contract with Molina	The provider group's Availity administrator will add the practitioner as a user
Practitioners who are part of a provider group that Molina contracts with and participate in a Molina VBP contract or program	Once added, the practitioner will be able to navigate to the Molina Provider Collaboration Portal tile in the <b>Senior Whole Health Payer Space</b>
	Clicking the tile will take the practitioner to the Molina Provider Collaboration Portal via a single sign-on

Please contact your health plan provider representative to learn more about the Molina Provider Collaboration Portal. Thank you for your continued partnership and care for our members!
