## Evolut Cardiology Policies Update

*Information for providers in the Medicaid and Marketplace networks*

Evolut Clinical Guidelines have an updated naming system for the Medicaid and Marketplace lines of business. The naming updates are being made to improve searchability within Evolut. The type of request is now noted first in the policy title, followed by the policy number and ECG (Evolut Clinical Guidelines).

In addition, fifteen policies have been updated with new:

- Clinical Indications
- Current Procedural Terminology (CPT) Codes
- Definitions
- Abbreviations
- Citations

Find a list of the Evolut updates on our Provider Website [Clinical Coverage Policies](#) page, under the Evolut header.

**Effective Dates Note:** The policies are currently in place for Marketplace. **The updates to the policies will be effective on April 7, 2025 for the Medicaid line of business.**
