## **New Fiscal Employer Agent service provider for Virginia**

Great news! Starting on October 31, 2024, there's a big change happening affecting consumer-directed service facilitators. Consumer Direct Care Network-Virginia (CDVA) will take over from ACES\$ to handle Fiscal Employer Agent (F/EA) services.

CDVA has been helping people in Virginia with in-home health care since 2018. This change will simplify things and improve how we help.

Here is what you need to know: CDVA will provide all the details about this change. They will detail when to stop submitting shifts to ACES\$ and when and how to submit them to CDVA. We are working hard to make sure this change is smooth and easy for everyone.

### **Questions?**

If you have any questions, please contact CDVA by telephone at **(888) 444-2717** or by email at **infoCDVA@ConsumerDirectCare.com**. They are here to assist you.

Thank you
