New Oncology and Cardiology Quality Management Vendor – Evolent, formerly known as New Century Health

Dear Healthcare Provider,

Molina Healthcare of Wisconsin, Inc. cares about our members' health and is continually enhancing programs to improve the quality of care. We are pleased to announce our collaboration with **Evolent**, formerly known as New Century Health, as the administrator of the Molina Healthcare Oncology/Radiation Oncology Marketplace members and Cardiology Medicaid BadgerCare Plus/SSI and Marketplace member Quality Management program.

Beginning on April 1, 2025, oncology-related infused and injectable chemotherapeutic agents, supportive/symptom management medications, radiation treatments, and cardiology services that will be administered in a physician's office, outpatient hospital or ambulatory setting will require authorization from Evolent. Inpatient for cardiology professional services only will be submitted to Evolent for prior authorization. Treatment plans will be reviewed as a whole using nationally recognized evidence-based guidelines. This requirement applies to *all specialties* for your Molina **Medicaid** members 19 years of age or older for cardiology services only and **Marketplace** members 18 years of age or older for cardiology, oncology and radiation oncology services.

We hope you will find value in the following changes coming with the Evolent partnership:

- Real-time authorizations issued for approvable treatment plans submitted via Evolent online portals at <https://my.newcenturyhealth.com>
- Ability to confirm member eligibility through Evolent's portal prior to entering a treatment plan.
- Oncology, radiation oncology and cardiology physicians on staff to answer your questions.
- Telephonic Intake is available for submitting treatment plans, if needed
- Dedicated Evolent Provider Network Manager to use as a direct point of contact for any issues or questions.
- Real time redirection of authorizations to Molina where and when necessary.

Authorizations issued by Molina Healthcare before April 1, 2025, are effective until the authorization end date. Requests for new treatment and/or changes in treatment on or after April 1, 2025 must be submitted to Evolent for Preauthorization.

An Evolent representative will contact you soon to schedule an introductory meeting and training. Should you have any questions prior to the introductory meeting, please call Evolent at 888-999-7713, Option 6.

Thank you for your participation in our network and dedication to Molina members' health.
