Instructions for Enrollment and Credentialing

with the Kentucky Credentialing Alliance for Aetna Better Health of Kentucky, Passport by Molina Healthcare and Wellcare.

To reduce the need for practitioners to complete multiple enrollment and credentialing forms for participation in multiple Medicaid Managed Care Organizations (MCOs), the Kentucky Credentialing Alliance created the following form to ease provider burden. Please complete all applicable forms in their entirety and return to the MCO(s) with which you seek participation. Failure to submit all required information may result in delay or denial of your application.

Practitioners:

All practitioners must complete the attached Provider Enrollment Form. If you participate in the Council for Affordable Quality Healthcare (CAQH), the Provider Enrollment Form is the only form you are required to submit for the enrollment/credentialing process. Please add the appropriate MCO(s) as an authorized plan, giving permission to access the providers CAQH application.

CAQH is a self-reported credentialing data exchange that allows you to keep all your credentialing information in a centralized location. Practitioners should update their CAQH every 90 days. This information can be accessed by a variety of credentialing entities and can save you time when seeking participation with multiple health plans.

If you do not participate in CAQH, you must also complete and submit the Kentucky Application for Provider Evaluation and Re-evaluation (KAPER-1) application available at http://insurance.ky.gov.

Facilities:

Facilities, such as hospitals, surgical centers, home health agencies, etc, are not eligible to participate in CAQH. Facilities are required to fill out the Facility Credentialing & Enrollment Packet and return to the appropriate MCO with the required documentation.

IV. Additional Locations. Please list alternate and/or covering-only locations below. Primary address should be listed on the prior page of this packet. If more than two addresses are required, AND the Pay To address is the SAME as that of the primary, please see the Appendix on page 7 to report the additional addresses. Alternatively, additional copies of this page can be made for each additional location.

Alternate Office Sites – Secondary sites where patients can call to make appointment to be seen by physician. If patients cannot make appointments with provider at this location, please designate location as "Covering only."
Covering-only Sites – Other sites that are to be loaded only for the times when provider covers for another provider or sites where provider does not accept appointments regularly. Patients cannot schedule appointment with provider at covering locations.
"Pay To" Name – This should match exactly how the claims are submitted from your billing system to insurance carriers, including abbreviations.

Additional Address. Alternate sites will only be listed in directory if provider is at location 16 hours or more, (unless opted IN to directory to override). If opting IN to directory, provider MUST accept appointments at that location. Covering sites will not be listed in directory. Please see page 7, if more sites are required to be loaded.
