# PPP: Services

---

PPP services include:

- Targeted Case Management (TCM)
- Nutrition Counseling
- Psychosocial Counseling & Support
- General Patient Education & Health Promotion
- Breastfeeding Support

**NEBRASKA**

Good Life. Great Mission.

DEPT. OF HEALTH AND HUMAN SERVICES

*Helping People Live Better Lives.*

# PPP: Targeted Case Management

---

TCM includes the initial comprehensive and periodic assessment of the pregnant person's needs, development of the care plan that specifies the goals and actions, referrals for linkage to clinical and non-clinical services, monitoring, and follow-up activities to ensure the care plan is implemented.

TCM can be provided:

- under the care of a Physician, Physician Assistant (PA), Nurse Practitioner (NP), or Certified Nurse-Midwife (CNM) who is actively managing the pregnancy
- in a clinic, Federally Qualified Health Center (FQHC), or Rural Health Clinic (RHC) setting

# PPP: Targeted Case Management

---

A designated Care Coordinator (CC) will provide TCM to the PPP patient and must have one of the following licenses/certifications:

- Registered Nurse (RN)
- Licensed Practical Nurse (LPN)
- Clinical Medical Assistant (CMA)
- Licensed Clinical Social Worker (LCSW)
- Certified Health Coach (CHC)

The CC:

- is employed by the provider/clinic
- can provide patient encounters in-person, by audiovisual telehealth, or via telephone
- can connect with the patient as many times as needed each month

**NEBRASKA**

Good Life. Great Mission.

DEPT. OF HEALTH AND HUMAN SERVICES

*Helping People Live Better Lives.*

# PPP: Targeted Case Management

---

The CC completes the **Nebraska PPP Intake Assessment Packet** during the first month of enrollment

- The CC should bill CPT code 96160 when the PPP intake assessment packet is completed
- Based on the PPP Intake Assessment, the CC develops an individualized care plan with the patient

NEBRASKA

DEPT. OF HEALTH AND HUMAN SERVICES

*Helping People Live Better Lives.*

# PPP: Targeted Case Management

---

CC collaborates with the patient's MCO Nurse Case Manager to ensure service delivery, and to meet clinical and non-clinical needs

- MCOs utilize social care referral platforms, such as FindHelp, to partner with community resources to help patients meet non-clinical needs.
- Link to FindHelp <https://findhelp.org/>

NEBRASKA

DEPT. OF HEALTH AND HUMAN SERVICES

*Helping People Live Better Lives.*

# PPP: Targeted Case Management

---

- The CC uses the **Nebraska PPP Care Coordinator Checklist** for activities that need to be performed
- CC must document all activities performed in the patient's medical record
  - activities include educating patients, providing resources, scheduling referrals, addressing barriers to ongoing care, and engaging family members or other clinicians/entities as indicated
- CC provides ongoing TCM through the course of the pregnancy and must connect with the patient for this purpose at a minimum of once per month

NEBRASKA

Good Life. Great Mission.

DEPT. OF HEALTH AND HUMAN SERVICES

*Helping People Live Better Lives.*

# PPP: Targeted Case Management

---

- Reimbursement of care coordinator services, which includes targeted case management and general patient education and health promotion, will be a monthly rate
- PPP enrollment and billing can begin at any point in pregnancy
- For each month of the pregnancy (not to exceed 10 months) the CC must have at least one TCM encounter with the patient
- The clinic should submit one claim each month, using code H1002 (\$89.58)

**NEBRASKA**
