

Molina Healthcare of Nebraska, Provider Notice

Known Issues Log

09/20/24

To increase our communication with the provider community, we are now publishing systemic claim issues under the “Known Issues” section of the Molina Healthcare of Nebraska provider website, found here:

<https://www.molinahealthcare.com/providers/ne/medicaid/communications/known-issues.aspx>

If you notice any unexpected trends in claims, we recommend checking both the Open and Closed lists on the Known Issues page. This will help you determine if the issue has already been identified and will provide guidance on the next steps to follow. Ensuring timely and accurate reimbursement for services remains a top priority for us.

Thank you for your continued partnership in the Molina Healthcare of Nebraska network.

If you have general questions about this communication, please contact our Provider Relations Team at NEProviderRelations@MolinaHealthcare.com.
